TROUBLE SHOOTING

Symptom	Remedy
No power.	<ol style="list-style-type: none">1. Is the adaptor cord firmly plugged into the adaptor jack? Insert the AC adaptor plug securely into speaker.2. Is the power switched to the OFF position? Slide it to ON.3. Were the batteries inserted correctly? Please make sure 4 size "AA" alkaline batteries are inserted into battery compartment according to the + and - markings in the battery compartment.
The POWER LED indicator blinks or gets dim.	The batteries are weak, please replace the batteries or use the supplied AC adaptor.
No sound or only a very low-level sound is heard.	<ol style="list-style-type: none">1. Check that the speaker LINE IN cable is connected securely and correctly. Make sure the cable is inserted well.2. Make sure your speaker has power and POWER switch is in the ON position.3. Make sure the input source CD player/MP3 player/computer works well.4. Adjust the speaker system and CD player/MP3 player/computer volume control.5. The batteries are weak, please replace the batteries or use the supplied AC adaptor.
Only one channel has sound.	Reduce input source volume or the speaker volume, then turn off the speaker and turn it on again.
Distorted sound.	<ol style="list-style-type: none">1. Reduce input source volume or the speaker volume.2. The batteries are weak, please replace the batteries or use the supplied AC adaptor.

**WARNING:**

To prevent fire or shock hazard, do not expose this appliance to rain or moisture.

Do not block or obstruct the ventilation holes at the rear of the set.

SAFETY INFORMATION

1. Batteries should only be installed by adult for safety.
2. Do not load batteries with polarities (-/+) reversed.
3. Do not force batteries into the battery compartment.
4. Do not short-circuit the battery with metallic objects such as key holders or jewellery.
This may damage the battery.
5. When not in use for an extended period of time, or while internal batteries will not be used, please remove them to prevent possible battery acid leakage or corrosion.
6. Clean only with a dry or very slightly damp cloth.
7. Do not use this set near water, do not expose this appliance to rain or moisture.
8. To minimize risk of possible overheating, do not block the ventilation holes at the rear cabinet.

FCC NOTES:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTICE FOR USA: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect this equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: To comply with the limits for the Class B digital services, pursuant to Part 15 of the FCC Rules, this device must be installed with computer equipment certified to comply with the Class B limits.

MODIFICATIONS

Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

NOTICE FOR CANADA: This apparatus complies with the Class "B" limits for radio interference as specified in the Canadian Department of Communications Radio Interference Regulations.
